CONDITIONS FOR HAULING PERMITS

1. Additional permits from the Illinois Department of Transportation and/or local government agencies may be required.
2. That the said applicant, its successor or assigns shall assume all risk and liability for accidents and damages that may accrue to persons and property during the prosecution of the work or any time thereafter, and that said applicant agrees to claims for damages and from all costs and expenses incurred on account thereof, and in connection therewith.
3. That this permit is effective insofar only as the department has jurisdiction and does not presume to release said applicant from compliance with the provisions of any existing statutes relating to this movement.
4. That this move meets all the latest rules and regulations of the State of Illinois.
5. The authorized times of movement shall be per latest version of IDOT's OPER 993 form.
6. That the Permittee equipment operations shall be conducted in a manner to insure the minimum hindrance to traffic using the pavements and at no time shall the operations obstruct more than one-half of the available pavement widths unless, in the instance of transporting over-size equipment it is escorted by an official police vehicle and said equipment and/or load is clearly marked with flags, etc.
7. That the use of flagmen and that the number, type, color, size and placement of all traffic control devices shall conform to the latest edition of the State of Illinois "Manual on Uniform Traffic Control Devices for Streets and Highways."
8. That the pavements shall be kept clean and free of debris at all times.
9. That the equipment, load or object to be transported will not be loaded nor parked either day or night upon the highway without specific permission from the Cook County Department of Transportation and Highways.
10. That if the applicant's usage of said highway causes failure in the base course or bituminous pavement thereon, said applicant should immediately and at his own expense repair said failures.
11. If at any time during the effective date of this permit, construction begins on the road(s) mentioned herein, contact Cook County Permits to ok existing route through the construction zone or to determine an alternate route.
12. This Permit can be revoked, at any time, at the discretion of the Superintendent of Cook County Department of Transportation and Highways
13. It is the responsibility of the permittee to inspect all grade crossings for clearance along the permitted route prior to a move. Furthermore, the permittee assumes sole responsibility, and indemnifies the Department of Transportation and Highways at no cost to Cook County.
14. Haul Permit is subject to the current Cook County Ordinance.
15. All oversize and overweight vehicles needing engineer approval must allow seven days from the submittal for an additional structural engineer review and response.
16. Provide escort vehicle per the latest version of IDOT's OPER 993 form.
17. All haul permit options available on the Haul Permit Online System are per truck. The license plate number of the vehicle to be used on the permit must be entered when requesting a permit on the Haul Permit Online System.
18. The Permit Office may issue a revision to the permit per the latest version of IDOT's Permit Office Policy Manual Title 92: Transportation Chapter I: Department of Transportation Subchapter F: Highways Part 554 Oversize and Overweight Permit Movements on State Highways.
19. The original permit, as well as all supplemental (revision/extensions) permits and form OPER 993 are required to be carried in the vehicle for inspection by an authorized agent or police officer. (An electronic version is acceptable.)
20. If you have any questions, please contact the Permit Office at 312-603-1670.
